HOW TO JOIN OUR MOVEMENT

The National Black Child Development Institute (NBCDI) is a membership-based organization with a National Village Network that serve local communities across the nation by carrying out our mission.

Joining NBCDI has never been easier! We have a new membership management platform called Glue Up, which has simplified the membership process. To help you become a member of NBCDI, whether at the national or local level, we have created a step-by-step guide. This guide includes screenshots that will assist you in navigating the registration process, regardless of whether you are a student, regular member, nonprofit, or corporate organization.

If there isn't a local village in your area, you can become a member of the national office. This membership gives you access to general information on all of our National Village Network, as well as information on national office events, publications, and resources. On the other hand, becoming a member of one of our local Villages provides you with detailed and up-to-date information on community engagement opportunities, local resources, publications, and advocacy efforts. Additionally, you will have access to national office events, publications, and resources.

Please note: NBCDI is no longer accepting mail-in membership requests. Please complete your new membership or renewal online. Do you still have questions? Please email membership@nbcdi.org.
